PROFESSIONAL EXPERIENCE

Conduit Commerce | Project Manager Contract

Feb 2026 - Present | New York, NY

- Leading end to end GTM strategy (0 to 1) and product design redesign of marketing brand and website for a \$53M-funded fintech startup (Series A, co led by Dragonfly & Altos Ventures) recognized on Forbes 30 Under 30.
- Driving product launch strategy for Copilot, Conduit's AI-powered tool, owning feature scoping, user flows, competitive analysis, and brand positioning for GTM rollout across LATAM, Africa, and Asia markets.
- Improving SEO architecture and content retention strategy to reduce bounce rate and increase organic traffic across key growth markets following \$36M Series A raise.

Manus AI (acquired by Meta) | Strategy & Product Intern

Nov 2025 - Jan 2026 | Bay Area, CA

- Led end to end product strategy (0 to 1) for community platform redesign serving 2M+ users, shipping 105 use cases, and 9 discovery features that educated users on LLM capabilities and drove adoption of general AI agent platform.
- Drove product requirements and GTM strategy for Manus 1.5 Max launch, collaborating cross-functionally with engineering and design teams to define feature scope and user onboarding flows.
- Owned growth experimentation roadmap through 5+ iteration cycles, leveraging data driven insights from Product Led Growth testing to inform design decisions that contributed \$125M ARR during Meta acquisition.

SomiaCX (MUFG) | UX Consultant Intern

July 2024 - Sep 2024 | Jakarta, Indonesia

- Drove product strategy for digital banking transformation, conducting 6+ stakeholder interviews and 20+ usability tests to translate cross-functional requirements into scalable information architecture and shared AI-powered platform.
- Shipped redesigned financial tool workflows that reduced support tickets by 18%, partnering with engineering and design to optimize UX flows and eliminate user friction points across 9 banking products.

LEADERSHIP & INVOLVEMENTS

Columbia Organization of Rising Entrepreneurs | PM Fellowship Lead

Sep 2025 - Present | New York, NY

- Drive growth and go to market strategy for digital initiatives supporting student led programs and fellowships, partnering with industry leaders from OpenAI, Google, Microsoft, and Jane Street. to design and execute mentorship events.
- Co-founded CORE Podcast (0 to 1) to scale product-facing content strategy, tracking engagement KPIs across 17+ initiatives.

Design at Columbia | Project & Outreach Lead

Sep 2025 - Present | New York, NY

- Lead acquisition of 2 clients and delivery of product design and strategy consulting (0 to 1) for Y Combinator-backed startups, managing cross-functional teams' go to market recommendations for early-stage founders.

UinSTEM (Tesla Partnership) | President

Sep 2023 - June 2025 | Seattle, WA

- Directed 12 member team organizing DEI initiatives in STEM, translating programming strategy into strategic partnership with Tesla's Seattle headquarters focused on inclusive talent pipelines and early-career product recruiting.
